Building Demolition Projects in Bensenville

CHICAGO – The Illinois Department of Transportation (IDOT) announced that two buildings will be demolished near the intersection of Green Street and County Line Road, in Bensenville, beginning, weather permitting, Tuesday, July 5.

The project is not expected to require lane closures. Demolition and cleanup are expected to be completed in Fall 2016.

The scope of the project consists of demolishing two buildings to accommodate for future expansion for the Illinois Tollway's Elgin O'Hare Western Access project.

Motorists can expect increased truck traffic and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.

More information on the Illinois Tollway's Elgin O'Hare Western Access project [here](#).
